

STOKE ROCHFORD HALL

The East Midlands Premier Conference & Function Venue

LIBRARY BOOK APPEAL

Most visitors will be aware of the catastrophic fire which devastated Stoke Rochford Hall in January 2005 and have read about or witnessed the extensive refurbishment work in progress.

Through expert craftsmanship the Hall is being restored to its former glory, including the reinstatement of the impressive Library. However, no Library is complete without its books and we are now seeking your help with donations of books to fill the many shelves.

Your support will be gratefully received and acknowledged on a book plate inserted in every book contributed during this Appeal.

So, when next visiting the Hall please do bring along your books (hardbacks only please) and assist in the process of restoring the Library to its original grandeur. Thank you.
